EULETA WORLD CAFÉ 2020

An Online Meeting to Share Teaching
Experiences during Lock-down

Register: bit.ly/EULETA2020

Introduction

The European Legal English Teachers Association was to hold this year's conference at the Catholic University of Lille, Campus Issy-les-Moulineaux, Paris 18-19 September 2020. However, due to global lock-down we have postponed the conference to the same week in 2021. Instead we are proud to be offering our members and others involved in legal English education around the world the opportunity to participate in an informal and collaborative world café-style online meeting.

What is World Café?

World Café is a methodology for holding intentional conversation on specific topics that matter to us in a relaxed environment.

Under normal circumstances participants sit in small groups around a table as though they are in a cafe. We'll be doing this in breakout rooms in Zoom. Yes, you are encouraged to bring a cup of tea or coffee and refreshments!

In these breakout rooms participants will be encouraged to have a conversation about a question set by the facilitator (e.g. How has your teaching been affected by lock-down?).

After this question we feedback in the main room before talking about another topic in breakout rooms.
